This evidence-based methodology promotes informed decision-making and targeted interventions to address national challenges. Committed to ongoing improvement, the BBS adopts innovative methods to enhance the quality and relevance of its data, thus supporting informed governance and sustainable development in Bangladesh. In this context, the “Monthly Statistical Bulletin – Bangladesh” is a timely and significant publication that will support evidence-based decision-making by presenting various socio-economic indicators of the country. I hope the updated information included in this bulletin covering population, economy, agriculture, industry, health, education, trade, and transportation will be meaningful and valuable to relevant stakeholders.

I sincerely appreciate the Director of the National Accounting Wing, BBS, along with the Joint Director, all Deputy Directors, and especially the Deputy Director of the Publication Section and all the Officials of this Section for their steadfast dedication, exemplary efforts, and professionalism in preparing and executing this publication.
